

ADDENDUM NUMBER ONE

THE UNIVERSITY OF NEW MEXICO HOSPITALS

Purchasing Department
933 Bradbury Dr. SE Ste 3165
Albuquerque, New Mexico 87106

Date: June 28, 2021

Proposal Number: RFP 439-21

Name of Procurement Specialist: Jennifer Sanchez

Due Date: July 7, 2021 @ 2:00 pm MST/MDT

Notice to all respondents:

Amend the Proposal: RFP 439-21 - PATIENT LIST MANAGEMENT SOFTWARE SYSTEM AND SOFTWARE SUPPORT SERVICES

This **addendum** becomes part of the Proposal Documents and **modifies**, as noted below, the original Bidding Documents. THE FOLLOWING PROVISIONS OF THE ABOVE-REFERENCED RFP ARE AMENDED AS FOLLOWS:

WRITTEN RESPONES – QUESTIONS AND ANSWERS

QUESTION 1: What interface engine do they use?

RESPONSE: Corepoint

QUESTION 2: Does it have a web services or other web-based application service?

RESPONSE: Cerner yes, Corepoint No

QUESTION 3: How many interfaces does it support?

RESPONSE: Will support as many as needed.

QUESTION 4: Will UNMH want to have the patient list application hosted or will they want it on premise?

RESPONSE: Will consider either.

QUESTION 5: Follow up to that, does UNMH have another cloud provider where this would be hosted?

RESPONSE: Vendor would provide cloud hosting, we maintain on premise data only.

- QUESTION 6:** How will UNMH maintain vendor access to an on-premises application?
RESPONSE: Preferred method is through SecureLink VPN solution
- QUESTION 7:** Please state the gaps in Cerner Millennium’s patient lists applications that fail to meet UNMH needs
RESPONSE: Primary issue is the inability to assign and complete tasks. Secondly, there is much latency for users and the accessibility (mobile-friendliness) is next to zero.
- QUESTION 8:** Whether companies from Outside USA can apply for this? (like, from India or Canada)
RESPONSE: Yes. However, UNMHSC anticipates that any successful offeror will have familiarity with local, regional and national healthcare needs, requirements and trends.
- QUESTION 9:** Whether we need to come over there for meetings?
RESPONSE: Yes, as requested and as reasonably necessary to effectively perform the tasks. For example, UNMHSC reserves the right to request an in-person presentation if that is needed to effectively convey the information.
- QUESTION 10:** Can we perform the tasks (related to RFP) outside USA? (like, from India or Canada)
RESPONSE: No. UNMHSC requires patient data to be maintained on US soil. Some work may be performed outside the continental US, but data storage should not be performed outside the continental US.
- QUESTION 11:** Can we submit the proposals via email?
RESPONSE: No. See Section II “Proposal Copies and Format” for more information.

All other provisions of the Proposal Documents shall remain unchanged. This addendum is hereby made a part of the Proposal Documents to the same extent as those provisions contained in the original documents and all itemized listing thereof.
