Subject: RFP P406-19 , Cochlear Implants, Addendum #1

Please add this Addendum #1 to the original RFP documents. It shall be the responsibility of the interested Offerors to adhere to any changes or revision to the RFP as identified in this Addendum #1.

The following clarification shall become permanent and made part of the procurement file.

1. Offer Due Date/Time: June 4 no later than 2:00 PM MDT. Proposals received after this deadline will not be accepted.
2. Please define what you mean by “construct price” on excel worksheet>construct tab>columns 14L,M,N
  - a. Are you referring to pricing if a sole source, dual source or multisource award?
  - b. Or is this in reference to total spend if we bid on all 3 product categories (cochlear implant systems , bone anchor systems and auditory brainstem systems)?
  - c. Do you want us to use the annual usage in column K to calculate total spend

***Yes, we have created space for you to provide varied pricing in the case of a multi/dual/sole vendor source agreement. No need to calculate total spend.***

3. Is this a sole source contract award per each product category (cochlear implant systems , bone anchor systems and auditory brainstem systems) or are all 3 categories rolled up into 1 award?

***The multi/dual/sole source agreement would be awarded per product category. UNM is looking to provide the best pricing for each category and will determine an appropriate strategy once all bids are submitted.***

4. Can you provide a copy of the RFP in a word doc format?

***The RFP cannot be altered. If you need to respond to anything in the RFP, please include it in your response.***

5. Is the minimum annual committed contract usage as listed in Column K in the Excel worksheet?

***No, there is no annual usage commitment. Column K provides a snapshot of products used in a 1 year period between UNM and SRMC.***
