## **PART I: YOUR WHY** (10 MINUTES)

Taking turns, each person share their “why” of attending this conference. Is there a specific question or problem you are trying to address? Are you attending in support of an individual or group? What motivates you about supported employment?

## **PART II: PEER DISCUSSION** (20 MINUTES)

With your PFE facilitator, discuss the following questions with the members at your table:

- Which sessions did you attend? Was there a particular session that stood out to you and why?
- Did you notice any recurring themes from sessions you attended?
- Were there new concepts or organizations that you learned about?
- What other new insights emerged for you from today’s session?

## **PART II: GROUP DISCUSSION** (20 MINUTES)

In the large group be prepared to share what you discussed. Also think about ways you can implement what you have learned from today’s sessions in your local communities and workplaces.
