Reaching New Heights in Supported Employment Virtual Conference

May 27, 2020

9:30 AM - DVR & DDSD & PFE: Welcome

Department of Health/ Development Disabilities Supports Division and Division of Vocational Rehabilitation join Partners for Employment to welcome you to our first-time, virtual national conference.

10:00 AM - The Eye - A Unique Look at Leadership

We're living in a new world. New norms are developing, and leaders everywhere are managing through unprecedented uncertainty. Our work community and families are all looking for leaders who inspire with a calm, purposeful presence. Let's come together and build the presence that we need to dance in the eye of this hurricane of a health crisis that has set in on all of us

10:00 AM - An Update to the New Normal

An update on "The New Normal"- Shaun Wood and Cesilee Coulson, WISE
What is the new normal we want to create? Somewhere between February and April our new normal became staying home from work and staying socially distant. This talk will bring us together around

lessons learned over the past 11 weeks. How can transition professionals plan for skill development in a new normal when school starts next year? How can service providers generate potentially billable work by helping their customers understand the quarantine, adjust to new routines, and stay safe? This session will be a forward-looking update to the Systematic Instruction/ New Normal webinar delivered through PFE on April 15.
